

January 10, 2018

Dear Families,

Here are some kindergarten highlights...

Reading/Language Arts

In our literacy block, we are using author studies to teach story elements and key details. We are also working on rhyming word families and sight word practice.

Writing

In our writing block, we are using our shared reading texts to practice sentence structure, spacing and punctuation. We are also starting writing personal narratives.

Math

In math, we are working on numbers stories and addition problems.

Science

We are working with our Materials and Motion science kit. The students will explore Paper, Fabric, Wood and Motion.

Environmental Education

Mrs. Young, our environmental education teacher, has continued her work with living and nonliving things. She has led us on various outdoor experiences.

Homework

Optional homework or extension ideas:

- ST Math
- Raz Kids
- Look for objects in your home that are made of paper, wood and fabric. Or look for objects that move.

Important Dates

Martin Luther King Jr. Holiday (No School) - January 15th

Festival of Nations - January 23

Release Day for Students (No School) - January 25 and 26

*****An important reminder...**

We go outside everyday unless it is below zero! Please send your child with all the clothes they need to be warm.

Thank you!
